

INTERNATIONAL SCHOOLS PILOT QUICK GUIDE

SUPPORTING YOUR SCHOOLS TO DELIVER
ACCELERATED LEARNING IN REMOTE,
HYBRID, AND IN-PERSON INSTRUCTIONAL
SETTINGS

OUR PARTNERSHIP PROPOSAL

DEMONSTRABLE LEARNING OUTCOMES ACROSS YOUR SCHOOLS

Whizz Education is your partner accountable for learning outcomes. Over a ten-week period, we will work together to implement a pilot programme that will show the early signs of accelerated learning in students. Our solutions are designed to achieve whole school improvement, enabling your school/ Group of Schools' leadership team to see the beginnings of accelerated learning in your individual school(s) and at a school group level.

Throughout the pilot, we will analyse real-time data on student engagement, achievement and learning progress, taking into consideration the local contextual realities of the participating school. Equipped with this quantitative and qualitative information, your leadership team can make informed decisions on future teaching and support strategies across individual schools and the Group as a whole.

ALIGNING WITH YOUR SUCCESS CRITERIA

To gain the most out of our partnership, we will begin with an exploratory meeting with your leadership team to define your strategic aims and understand what success looks like for you.

With a shared understanding of your vision and goals, we will collaborate with you to support your schools. While this is a no-cost pilot partnership, your commitment to fully engage with the pilot will be vital in maximising learning gains.

01

TRAINING

To ensure that your Senior Leaders, Maths leads, and teachers have a solid understanding of how to make the most efficient and effective use of our individualised learning solutions, we will provide a thorough remote-learning experience that introduces how our partnership operates, the differentiated and scaffolded virtual tutoring service, our methods of continuous formative assessment and advise on any remedial action required, ensuring we are always accountable for learning outcomes.

FUNCTIONALITY :

Setting up the learning environment and integrating it within your teaching process

EVIDENCE OF LEARNING PROGRESS :

Achieving efficacy through productive use of the individualised and adaptive virtual learning solution will show the early signs of accelerated learning.

INSIGHTS TO INFORM OPPORTUNITIES FOR MAXIMISING LEARNING YIELD :

By using the real-time quantitative data and applying the qualitative data gathered during the pilot, how can our implementation be scaled up across your entire school/ Group of Schools using best practices, simultaneously driving down the cost per student.

02

SUPPORTING YOU AT EVERY STAGE

At every step of the programme, we are there to support you and your teachers. Each school is allocated to one of our experienced Education Success Partners, who will assist with the onboarding of students and work with you to ensure a smooth implementation of the pilot and be your central point of contact. Should your teachers require support during a lesson, we are there for them then, too, with our realtime Whizz Assist support team on hand to make sure that every lesson goes as smoothly as possible.

03

BUILDING STRONGER RELATIONSHIPS BETWEEN YOUR SCHOOLS & PARENTS

Working in partnership with Whizz Education fosters closer relationships between your school(s) and parents, which creates the triangle of success essential for maximising children's learning gains. Not only does each child have their own individualised account, but their parents also have a linked account so they too can encourage their child to continue learning at home and see the progress their child is making via the parent dashboard. This information can direct your parental engagement plans as part of a continuity plan which extends teaching beyond the classroom.

04

ACTIONABLE DATA

Your Group Leadership team, the leadership team of your individual schools, and Maths leads will have access to central and school reporting to evaluate the engagement and progress throughout your pilot. This data provides detailed information from the individual student to the aggregation of data at a school/Group level, allowing you to see patterns in your schools' results. By combining the hard data with the story behind the data from your individual schools, together we can identify insights into learning dynamics, gaps and opportunities for development across your Group of Schools. Furthermore, subject to partnership continuity, this will inform an ongoing implementation design and plan to achieve your learning outcome objectives. Should there be varying levels of engagement, usage, and progress made across your school/Group of Schools during the pilot, together, we can identify what may have occurred to provide the context behind the raw data. Equipped with this information, you can be confident in the decisions you make to achieve your school/Group of Schools' objectives in the future.

05

MEETING TO REVIEW SUCCESS

To help your team gauge our pilot partnership's success, our data insight and education teams will prepare a full executive summary that includes feedback from participating school(s). This report forms the core of the review meeting agenda, which takes place at the pilot programme's fulfilment. Having discussed the success of the programme, we can then consider how to continue our partnership.

WEEK 0

Teacher training, Parental engagement sessions and students are uploaded.

WEEK 1

Receive a welcome to the pilot programme email

WEEK 2

A meeting to answer your questions

WEEK 3

A catch-up with your Commercial Partner from Whizz Education

WEEK 4

Receive an email informing you of the latest data on the usage, engagement and progress of the schools, classes, and individual students on your pilot programme

WEEK 5

A meeting with your Commercial partner from Whizz Education

WEEK 6

Progress check-in call

WEEK 7

Arrange a review meeting towards the end of your pilot programme and receive a check-in email from your Education Success Partner

WEEK 8

Survey sent to your leadership team and teachers on the pilot so we can combine that information with our data analysis to deliver an actionable report for you

WEEK 9

Review meeting during which you will see how closely the pilot programme has achieved your KPIs, along with a detailed discussion of the data stories and survey feedback

WEEK 10

A final meeting to discuss the outcomes from the review meeting and decide how best to progress our partnership

YOUR PILOT PROGRAMME TIMELINE

Having agreed to work together to achieve your learning outcomes, the pilot programme progresses along this timeline. Remember, we are with you every step of the way.

LET'S GET STARTED

To discuss how we can help you achieve your desired learning goals via our pilot offer, contact me
